

Education Pack

The Study of Sustainable Agriculture at Kadoorie Farm and Botanic Garden

To support the implementation of the New Senior Secondary School Geography Curriculum, the Education Bureau (Personal, Social and Humanities Education Section), and, Kadoorie Farm and Botanic Garden have jointly developed a teaching pack to introduce the concepts of sustainable agriculture and agroforestry, and, the use of KFBG facilities for the field study of this topic.

Content

- 1 Sustainable Agriculture Teacher's Notes**
- 2 Plant Crops Identification Cards**
- 3 Daoyin Village (Hainan Island) DVD:**
illustrates how a group of villagers in Daoyin (Hainan Island) have applied the concepts and practices of agroforestry in their crop lands.
