

Aquatic Ecosystem

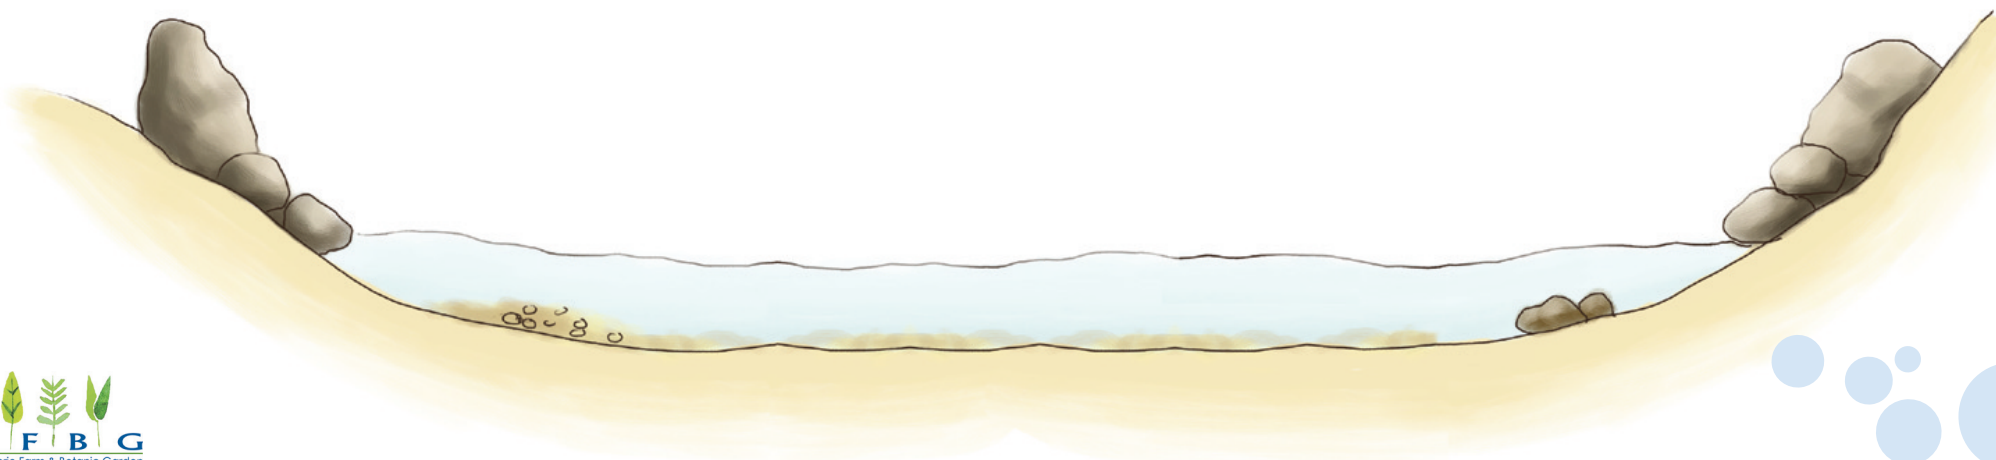

◎ Circle the word that best describes the bottom of the stream:

Gravel Rocks Mud Sand Boulders

◎ Is the stream mostly shaded or mostly sunny?

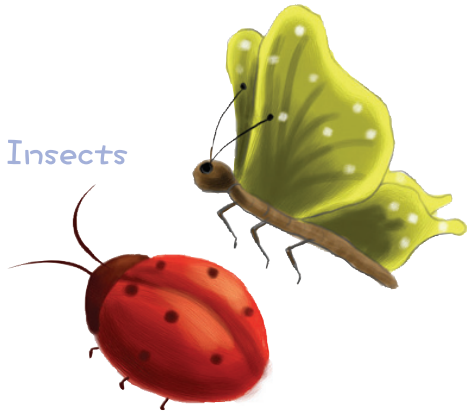

◎ How fast is the water moving?

◎ Sketch anything that you can find at the bottom and sides of the stream. What types of animals, plants, insects, or landscape?

© Can you find and tell what are the benefits and relationships between them?

Insects

Tree

Leaves

Rock
