

Comparison of birds

Choose two different birds (Black Kite, Owl, Parrot, or Flamingo) and carefully observe and note down the characteristic of each bird to find out what are their similarities and differences (Size, special markings on head, wings or tail, does it fly in a special way, where they live, food type, colour, and so on.)

The most common birds you can find in Kadoorie Farm and Botanic Garden

Crested Bulbul

Spotted Dove

Black Kite

Tree Sparrow
